

AMERICA'S **FIRST** BASEBALL COMPANY

2015 BASEBALL **CATALOG**

# HISTORY OF SPALDING®

**1871** Albert Goodwill Spalding begins his professional baseball career with the Boston Red Stockings. Over his career, he achieved a .323 batting average, an earned run average of 2.14 and an overall winning percentage of .796, a record that still stands today. He also became baseball's first 200 game winner.

**1876** The first A.G. Spalding & Brothers sporting goods store opens in Chicago. Combining his baseball experience with his business skills, A.G. Spalding & Bros. emerges as a dominant company in the sporting goods industry.

**1876** Spalding makes the First Major League Baseball and becomes the official ball of the National League for the first 100 years (1876-1976) and of the American League (1889-1973).

**1877** Spalding makes the First Major League Baseball Glove. Throughout its' history, dozens of Hall of Fame players have worn Spalding fielding gloves.

**1878** Spalding publishes first "Official Rules Guide for Baseball".

**1882** A.G. Spalding becomes President of the Chicago White Stockings, leading the team to 5 pennants in 10 years.

**1882-1889** A.G. Spalding takes the top pro ball players around the globe playing exhibition games to introduce the sport of baseball to the world.

**1900** Spalding had factories across the nation and was producing 1 million bats per year, an unheard of number at that time.

**1939** A.G. Spalding was inducted into the Baseball Hall of Fame the year it opened.

**TODAY** Spalding as a company still maintains the same drive, balancing professionalism on and off the field, following in the cleat marks of their founder; rooted firmly in the past, focusing on the future and maintaining the true spirit of competition.

Spalding Baseball Pro Staff now includes over 100 Major League and Minor League players.
